

Taste of Andhra — Tester 2

Credentials, persona brief, and testing scope for end-to-end QA

SITE

www.thetasteofandhra.com

SHARED PASSWORD

Test@123

YOUR TESTER ID

Tester 2

Use **only Tester 2** accounts below so you do not clash with Tester 1. Each persona has a **separate login URL**. Log out (or use a private window) when switching persona.

Quick start — portal links

Portal	Login page	Landing after login
Customer	/login	/
Admin	/admin/login	/admin
Delivery	/delivery/login	/delivery
Guest (no login)	—	Home / public site

CUSTOMER

1. Customer persona

Who you are: End customer browsing the restaurant, ordering food, and tracking delivery.

EMAIL / USER ID

tester2.customer@thetasteofandhra.com

PASSWORD

Test@123

LOGIN

thetasteofandhra.com/login

LANDING

thetasteofandhra.com/

What to test

- Browse home, menu, dish details, gallery, contact, party order
- Search / filter dishes; cart; checkout
- Add/select address; place order (COD or online demo payment)
- My Orders, order details, live tracking (if delivery assigned)
- Favorites, notifications, profile, addresses, invoice
- Logout and protected-page redirect to login

2. Admin persona

Who you are: Restaurant staff managing menu, orders, branches, offers, and delivery assignment.

EMAIL / USER ID

tester2.admin@thetasteofandhra.com

PASSWORD

Test@123

LOGIN

Key admin links

Area	Link
Dashboard	/admin
Categories	/admin/categories
Dishes (add / edit menu)	/admin/dishes
Orders	/admin/orders
Customers	/admin/customers
Delivery partners	/admin/delivery
Offers	/admin/offers
Party inquiries	/admin/party-inquiries
Branches	/admin/branches
QR tables	/admin/qr-tables
Reports	/admin/reports
Settings	/admin/settings

What to test

- Dashboard metrics and charts
- **Add or edit a dish** and category; confirm on public menu
- Move orders through statuses; assign a delivery partner
- Offers, branches, QR tables, reports, party inquiries
- Confirm a customer account cannot open [/admin](#)

DELIVERY

3. Delivery persona

Who you are: Delivery partner fulfilling assigned orders and sharing live location.

EMAIL / USER ID

tester2.delivery@thetasteofandhra.com

PASSWORD

Test@123

LOGIN

[.../delivery/login](#)

LANDING

[.../delivery](#)

What to test

- Assigned deliveries (Admin should assign orders to this account)
- Delivery detail: customer name, phone, address
- Allow location / share GPS if prompted
- Mark delivered; confirm customer order status updates
- Confirm non-delivery users cannot open `/delivery`

Suggested end-to-end flow

- 1 **Admin** — ensure menu has dishes `/admin/dishes`
- 2 **Customer** — place an order
- 3 **Admin** — confirm order and assign **Tester 2 Delivery**
- 4 **Delivery** — complete delivery
- 5 **Customer** — check status, tracking, invoice / notifications

Notes

- Password for all Tester 2 accounts: **Test@123**
- Public spot-check (no login): [/menu](#) · [/party-order](#) · [/contact](#)
